

Extrusion 2018

SEPTEMBER 18-20, 2018

Huntington Convention Center of Cleveland, Cleveland, Ohio

DAN BARLOW

Integrated Control Technologies

Dan Barlow is a graduate of the Texas A&M Industrial Distribution program within the College of Engineering.

Upon graduation, he completed a two-year intensive training program with Allen-Bradley and then began working as a Sales Engineer until moving back to Texas.

Dan has served as an Automation Specialist, Sensor Specialists, Regional Manager, and Vice President of Operations for a leading Allen-Bradley Distributor. He taught himself SQL and co-developed a program currently being used for the Strategic Pricing industry.

Five years ago, Dan joined Integrated Control Technologies, an OEM specializing in Extruder Drive and Control retrofits. He is actively involved in working with customers to evaluate panels for retrofits, identify concerns, and directly involved in the system design and functionality. He is now serving as their President.
