

Extrusion 2018

SEPTEMBER 18-20, 2018

Huntington Convention Center of Cleveland, Cleveland, Ohio

PARKE STRONG

Nordson Polymer Processing Systems

Parke Strong has been employed in the plastics industry for over 20 years. He has held various Process and Product Development Engineering positions.

He has a degree in Mechanical Engineering from North Carolina State University. He is also a licensed Professional Engineer in NC and a certified Six Sigma Black Belt. Parke is cited as an inventor on 11 patents.

He is currently employed with Nordson Polymer Processing Systems as an R&D Engineer for BKG Plastic Melt Stream Products. In this role, he develops new products to meet the needs of the market and conducts equipment evaluations for potential customers showcasing the performance and benefits of Nordson products using the customer's supplied polymers.

In his spare time, Parke likes to garden and is currently growing the world's hottest pepper, the Carolina Reaper.
