

Extrusion 2018

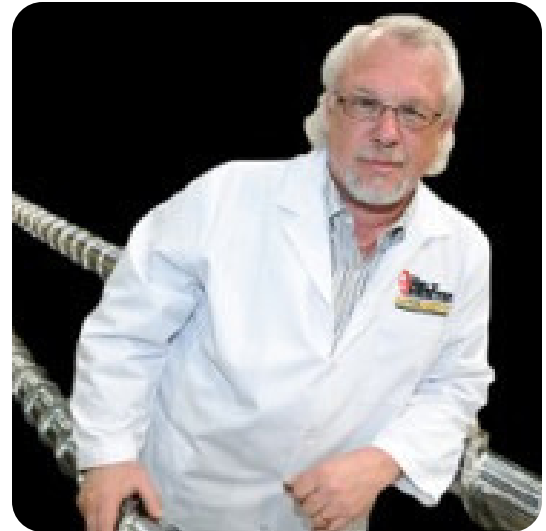

SEPTEMBER 18-20, 2018

Huntington Convention Center of Cleveland, Cleveland, Ohio

TIM WOMER

TWWomer & Associates

Tim Womer is the President of TWWomer & Associates, LLC and was the 2006-2007 President of the Society of Plastics Engineers and served as a member of the SPE Extrusion Board of Directors for 22 years. In 2012, Tim was inducted into the Plastics Hall of Fame for his contributions to the Plastics Industry. Tim has also been a member of the Plastics Pioneers Association since 2005.

Tim is a recognized authority in plastics technology and machinery with a career spanning over 40 years; holding executive positions with companies such as Xaloy, Inc., Spirex Corporation, Conair Group and NRM Corporation.

Tim has designed thousands screws that have been used in all areas of single screw plasticizing such as extrusion, blow & injection molding. 18 patents have been issued for his inventions of screws, mixers, processes and other products. Tim has also published many technical papers and magazine articles over the years on plastic processing.
